SUMMARY

Senior Android Engineer with 7+ years in Kotlin and Jetpack Compose. Architected a Kotlin Multiplatform + Compose Multiplatform SDK shipped on Android and iOS, worked on a healthcare app with 1L+ active users, and led a team of 5 at Samsung R&D. Focused on clean architecture, accessible UI and AI-assisted engineering.

EXPERIENCE

Dario Health

Senior Software Engineer

Sep 2024 – Aug 2026

Android & Kotlin Multiplatform

- Architected a **Kotlin Multiplatform + Compose Multiplatform** SDK for Android and iOS sharing business logic, state, networking and UI: DSL configuration API, journey engine, MVI state layer, Compose renderers, design system and platform abstractions.
- Built the **Discover** module in Compose Multiplatform (MVI/UDF, Coroutines, Flow), shipped on Android & iOS.
- Worked on the **Dario Health Android app** (1L+ downloads & active users): GLP-1 program features, app security, and modernization toward Kotlin, Jetpack Compose, Clean Architecture and modular features.
- Delivered **WCAG 2.1** accessibility (Compose Semantics, TalkBack, VoiceOver, focus order, font scaling); built native Android modules and bridges for React Native host apps.
- Contributed to an internal AI developer agent turning PRDs and codebase context into technical approaches, Confluence docs and Jira tasks, always reviewed by engineers.

Samsung R&D Institute India

Engineer

Apr 2023 – Apr 2024

Noida, India

- Built a new Android module from scratch for a confidential enterprise app (Kotlin, MVVM, Data Binding).
- Led a team of **5 engineers** and trained **50+ engineers**, freshers to managers, on MVVM and Data Binding.
- Developed **Galaxy Watch** Contacts and Emergency Contacts features; code quality via reviews and SonarQube.

Service-Based Companies

Android Developer

Feb 2019 – Mar 2023

India

- Worked on **27+ projects** across healthcare, e-commerce, education, food, agriculture, gaming and social; lead developer on several.
- Kotlin, Java, MVVM, MVP, Retrofit, Room, Hilt, Coroutines/Flow; payments (Razorpay, Stripe, Braintree, Google Pay), FCM, Maps, Twilio.

PROJECTS

Taleek – Language Lessons | Kotlin, ExoPlayer, Twilio, Razorpay

[Google Play](#)

- Video lessons in 6 languages with **10L+ downloads**, live Twilio sessions and Razorpay subscriptions.

Subsational | Java, MVP, Stripe, Braintree, Google Pay, Google Maps

[Google Play](#)

- Lead developer and UI/UX on a US food-ordering app with three payment gateways, maps and social login.

Storywise · Pencils of Promise | Kotlin, Room, Offline-first

pencilsofpromise.org

- Lead developer on an offline book-reading app for low-connectivity areas, with content stored locally in Room.

Custom ROMs – MIUI 9 Port & AOSP-JDC | AOSP, Kernel, Build scripts

[XDA Developers](#)

- Ported MIUI 9 and built AOSP-JDC for the Micromax A102 (MT6572), with kernel patches and build scripts.

TECHNICAL SKILLS

Languages & UI: Kotlin, Java, Jetpack Compose, XML Views, Data Binding, Material Design, Wearable UI

Multiplatform: Kotlin Multiplatform, Compose Multiplatform, shared design systems, platform abstractions

Architecture: Clean Architecture, MVI/UDF, MVVM, MVP, modular features, SDK & DSL API design

Libraries: Coroutines, Flow, Hilt, Retrofit, Room, Jetpack DataStore, ExoPlayer, FCM, Google Maps, Twilio

Accessibility: WCAG 2.1, Compose Semantics, TalkBack, VoiceOver, focus order, dynamic font scaling

Tools & AI: Jira, Confluence, SonarQube, R8/ProGuard, Cursor, Claude, Gemini, GitHub Copilot

EDUCATION

Bhartiya Institute of Engineering & Technology (Rajasthan Technical University)

2019

B.Tech, Computer Science & Engineering – 74%

Sikar, Rajasthan

AWARDS & MORE

- Star Performer of the Month** and **Employee of the Month** (Sep 2019) at service-based companies.
- Open source: [android_code_library](#) (Android code book)
- Languages: English, Hindi, Bengali · Solves a 3×3 Rubik's cube in 48 seconds
